

To the Clerk of Glynneath Town Council.

The Friends of The Town Hall would like to ask you to present this letter at the next full council meeting.

We would like to ask the council for permission to obtain a quote and design for a mural to go on the Co-op side of the town hall.

We are wanting to obtain a design that is NOT Graffiti Style but realistic looking, like the examples shown in the pictures accompanying this letter. We would like the mural to show Glynneath's history, culture, the town, and local area.

We feel if this ^{were} ~~was~~ to go ahead, it would bring a fresh look to the Town Hall which the whole community and visitors to the town would enjoy.

We propose that once we have the design and quote it will be presented to the full council for approval. If council approves the design The Friends of the Town Hall will apply for funding for this project to move forward.

We would like to take this opportunity to thank the council for their consideration in this project.
